

# CITY OF NORTH VERNON

HAROLD "SOUP" CAMPBELL, MAYOR

March 7, 2008

Senator Richard Lugar  
306 Hart Senate Office Building  
Washington, DC 20515

Dear Senator Lugar:

On behalf of the City of North Vernon, Indiana, I am writing to express my full support of the funding request for upgrades to our water distribution system.

Our distribution system is unable to meet the current and future water use requirements of our City. Our project consists of the replacement of our 4" water lines with 8" water lines throughout the City's distribution system. This project is extremely important to our community so that we can provide adequate fire protection as well as clean and safe drinking water to our residents. In addition to addressing the health and safety issues of our community, the long-term opportunities of the project are critical to boost our economic development.

Your assistance is a crucial stepping stone in moving this project forward. Please contact me if you desire additional information or clarification regarding this issue.

Thank you for your consideration.

Sincerely,

Harold N. Campbell  
Mayor
