February 22, 2010

The Honorable Richard Lugar
306 Hart Senate Office Building
United States Senate
Washington, DC 20510

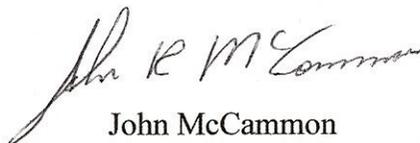

Dear Senator Lugar:

I am writing on behalf of the Sullivan County Commission to request your support for funding of a County Emergency Response System through the Department of Justice's COPS program.

Sullivan County Emergency Management provides security, warning system training courses, emergency and disaster aid and shelter to the County. Sullivan County Civil Defense can be mobilized in time of fire, flood, earthquake, tornado, winter storms, hazardous material spills, or whenever the community is in need of assistance. The County's Emergency Response System is antiquated and ineffective. The County seeks to upgrade its communications system and install 10 siren systems to enable all citizens to receive effective and informative warnings and to be energy efficient.

Thank you in advance for your consideration. If you have any questions, please contact Patty Power at 202-973-8081.

Sincerely,

John McCammon
President

SULLIVAN, INDIANA

The Honorable Richard Lugar
306 Hart Senate Office Building
United States Senate
Washington, DC 20510

Dear Senator Lugar:

I am writing on behalf of the City of Sullivan to request your support for funding of a County Wide Emergency Response System through the Department of Justice's COPS program.

Sullivan County Emergency Management provides security, warning system training courses, emergency and disaster aid and shelter to the City of Sullivan as well as Sullivan County. Sullivan County Emergency services can be mobilized in time of fire, flood, earthquake, tornado, winter storms, hazardous material spills, or whenever the community is in need of assistance. The County's Emergency Response System is antiquated and ineffective. The County seeks to upgrade its communications system at the 911 office and install 10 siren systems to enable all citizens to receive effective and informative warnings and to be energy efficient.

The City of Sullivan supports this effort since the City is also protected through this same office.

Thank you in advance for your consideration. If you have any questions, please contact Patty Power at 202-973-8081.

Respectfully,

A handwritten signature in black ink, appearing to read "Ed Eble".

Ed Eble
Mayor
