February 19, 2010

The Honorable Richard Lugar  
United State Senate  
306 Hart Senate Office Building  
Washington, DC 20510

Dear Senator Lugar,

The Board of Commissioners of the County of Allen respectfully submits the following projects for consideration of appropriations in FY 2011. Below is a list of projects, the amount of our request, and a brief description of each project.

**Flutter Road Reconstruction Project** – Request of \$ 2, 500,000

- This 3.2 mile road reconstruction project will accommodate increased traffic in the area due to recent development as well as provide for storm drainage improvements and the construction of one 3-span bridge.

**Gump Road Project** – Request of \$ 2, 500, 000

- This project will widen 1.6 miles of roadway from two lanes to three lanes and include a center two-way left turn lane.

**Ryan Bruick Interchange** – Request of \$ 2, 300, 000

- The Ryan/Bruick Road interchange is the first interchange east of the Urbanized Area on the US 24 Fort to Port Improvement Project currently under construction. The proposed amounts will allow for a more adequate diamond interchange.

We hope that you will keep these worthwhile projects in mind as the appropriations bills for FY 2011 are being considered.

Sincerely,

Linda K. Bloom

Wm. E. Brown
